Urban League of Greater Atlanta Young Professionals

From The President's Desk

Greetings YPs,

It is with great honor that I present the Urban League of Greater Atlanta Young Professionals (ULGA-YP) 2018 Chapter Annual Awards Submission Packet. Words cannot begin to express how incredibly grateful I am to have the opportunity to serve as the leader of this chapter. I often say, "The Urban League movement has changed my life" because it is true. I have grown at an exponential rate because of my direct involvement with this organization and my desire is that those around me have a similar story. This chapter creates a unique opportunity for individuals to grow into the best version of themselves while empowering and changing the lives of those around them.

Founded in 2001, ULGA-YP continues a long-standing tradition of excellence in our community. Following the hard work of our affiliate since its inception in 1920, Empowering Communities and Changing Lives is at the forefront of our work.

The vision for this year was "growth through leadership and service." With five primary goals in our strategic plan, our desire was to provide meaningful opportunities to our members and the community that align with the NUL I AM Empowered goals and the overall mission of the Urban League movement with growth and leadership as an underlining focus.

This report outlines the work of our volunteer members, partners and supporters for the 2018 year. As we have celebrated wins and endured losses, our chapter is stronger and wiser, and I am extremely proud of the work of our members. My hope is that as you read this packet, you see the passion and growth of our members and our desire to continue to increase our impact in the community. We humbly submit our packet for your review and thank you in advance for your consideration.
